### ***The Instructor***

Mrs. Wilcox, a 30-year veteran to big-number productions, will be leading this drama program. She directed the development of her own full-length production while obtaining a degree in dance education and choreography, after which she performed with companies in New York, Hollywood, Las Vegas and the top rated production show of Celebrity Cruise Lines. Her talent and passion for big-number performance landed her the role of Production Director throughout her 20-year tenure at a local dance studio. In a dual role as their Director of Ballet, she founded her own dance production company in 2002 and performance dance team in 2016. She brought the element of production to our own BSCS Spirit Team in 2015 for six years and is now thrilled to share her experience with our middle school students through the art of Musical Theater.

***If you like to toe-tap, knee-slap, TikTok and sing in the shower, you do not want to miss this opportunity!***

### ***Still Unsure?!***

Drama Class begins August 22nd. Everyone is invited to come the first day of class to see if it's a good fit for them. Give it a try!
